

## JD for Salesforce CPQ Developer (with LWC & APEX)

### Introduction:

**NBITS** (N Benchmark IT Solutions) is an IT Company which has key services into **Consulting, Development and Outsourcing** across wide variety of tools & technologies (primarily **Microsoft, Oracle, SAP, AI, Bigdata, Integration, App Building, Cloud & Analytics**).

Looking for **Passionate & Dynamic** professionals who can be in sync with Organization Goals & Vision and can be committed for significant value addition and proudly be part of Organization's Exponential growth.

### Key Details of the Engagement:

<b>Designation</b>	: Salesforce CPQ Developer
<b>Experience</b>	: 5 - 7 Years (Salesforce) 3 Years (Salesforce CPQ), 1-2 Years (LWC)
<b>Location</b>	: Remote
<b>Timings</b>	: 8am to 5pm IST
<b>Job Type</b>	: Full Time / Contractor / Free Lancer
<b>Start Date</b>	: ASAP (Immediate Joiners are preferable)
<b>Duration</b>	: Long Term
<b>Key Skills</b>	: Salesforce CPQ, LWC, APEX (triggers, classes, batch processes), Sales Cloud, Service Cloud, Salesforce APIs, REST, and SOAP integrations.

### About the Role:

We are looking for an experienced Salesforce CPQ Developer to join our team. The ideal candidate will have strong expertise in Salesforce CPQ, with at least 3 years of hands-on experience in CPQ development, combined with deep knowledge of Apex and Lightning Web Components (LWC). As part of the development team, you will play a key role in configuring, customizing, and optimizing Salesforce CPQ solutions.

### Key Responsibilities:

- Design, implement, and maintain Salesforce CPQ solutions tailored to the business needs.
- Develop, test, and deploy Apex classes, triggers, and Lightning Web Components (LWC) to extend the functionality of Salesforce CPQ.
- Collaborate with cross-functional teams to gather requirements and translate them into scalable solutions.
- Customize the CPQ configuration, including product rules, pricing rules, quote templates, and guided selling.
- Troubleshoot and resolve issues related to CPQ functionality and integrations with other Salesforce modules.
- Write and optimize complex SOQL queries and handle data migration tasks as required.

- Assist with continuous improvement initiatives and ensure the system's performance and scalability.
- Provide training and support to end-users and ensure the CPQ solution meets business needs.
- Stay up-to-date with Salesforce best practices, new features, and release updates related to CPQ and LWC.

#### Key Skills & Qualifications:

- ❖ **Experience:** Minimum of 5+ years of experience working with Salesforce, with at least 3 years of direct experience in Salesforce CPQ and 1+ year in Lightning Web Components (LWC).
- ❖ **Apex:** Strong proficiency in Apex (3+ years of experience), including working with triggers, classes, and batch processes.
- ❖ **Salesforce CPQ:** Proven expertise in Salesforce CPQ configuration, product catalog setup, pricing, and quote generation.
- ❖ **Certification:** **Salesforce CPQ Specialist certification is a must.**
- ❖ **Salesforce Experience:** In-depth knowledge of Salesforce platform and its various modules (Sales Cloud, Service Cloud, etc.).
- ❖ **LWC:** Hands-on experience in building and deploying Lightning Web Components.
- ❖ **Problem-Solving:** Strong troubleshooting and problem-solving skills with a focus on delivering scalable solutions.
- ❖ **Communication:** Excellent verbal and written communication skills with the ability to effectively collaborate with team members and stakeholders.

#### Desired Skills:

- ✓ Exposure to integrating CPQ with other Salesforce solutions, including Sales Cloud, Service Cloud, and external applications.
- ✓ Familiarity with Salesforce APIs, REST, and SOAP integrations.
- ✓ Understanding of Agile methodology and experience working in agile sprints.

#### Must Have:

- Should be reliable & good at work habits.
- Should be Accountable, Proactive, Discipline, Stable at Engagement.
- Should be well versed with Time & People management.

#### NOTE:

Preference will be given for the people who are **proactive, showcase right attitude, submit all the required on boarding documents in time and willing to start working immediately.**

**Resume should be in detail and SYNC with above Job Description else it will be rejected at scrutiny level itself. Hence prepare the resume properly without fail and share with us.**
